INTRODUCTION

The International Conference **Innovative technologies for joining advanced materials** has become a traditional event, organized by the National R&D Institute for Welding and Material Testing - ISIM Timișoara. The present edition, the 4th, will take place during June 10 - 11, 2010 and will mark the 40th anniversary of ISIM's foundation.

The event is organizing in co-operation with Politehnica University of Timișoara and Romanian Academy of Technical Sciences – Timișoara Subsidiary.

SCOPE AND TOPICS

Conference aims to provide a platform for useful interaction on actual problems in the field of joining and testing procedures of advanced materials. The scientific programme will be focused on the following topics:

- New joining technologies
- Modelling and simulation of welding processes
- Specific problems in advanced materials joining
- Quality of welded joints and welded structures.

The scientific programme will include keynote lectures and peer-reviewed papers.

OFFICIALS LANGUAGES

Officials languages of the conference are English and Romanian.

CALL FOR PAPERS

Authors are invited to participate with original papers in the conference. The enrolment is made on the basis of the herewith form, accompanied by the paper abstract (300-400 words). The form will be sent by e-mail at the conference secretariat address (centa@isim.ro). The deadline for abstracts submitting is January 31, 2010.

The papers will be accepted after a peer-review procedure. Authors will be informed about the acceptance of their papers and will receive the template for editing the full text paper till March 15, 2010.

CONFERENCE PROCEEDINGS

The papers presented within the conference will be published in a special issue of the Journal BID-ISIM *Welding and Material Testing*, evaluated at B+ category by CNCIS (National University Research Council).
